- Allows you to import multiple data fields into existing debtor accounts added to CollectMax™ with one simple process.
- Saves time and money with no manual entry and mistakes.
- Create your own templates to be used over again for repeat file imports.
- Includes most debtor data fields, including account members and litigation details.
- Automatically add history notes, change account status, add actions, and activity codes.
- MaxUpdaterPlus, an add-on to MaxUpdater, allows you to batch import transactions such as debtor balance adjustments, payments, costs, non-recoverable costs, fees, other, and creditor expenses.
- With MaxUpdaterPlus, you can launch multiple templates as a group and save time from having to run them individually.
- MaxUpdater and MaxUpdaterPlus both require CollectMax™ Version 8 and an annual support contract. Contact JST Sales for details.
